Sir:

In response to the Official Action dated February 27, 2002, please amend the above-identified patent application as follows:

IN THE CLAIMS:

Please amend claims 1, 11, and 22 as follows.

- C, S55 E17 1. (Twice Amended) A print system, comprising:
a print server;
a plurality of printers connected to the print server;
a plurality of computers connected to the print server;
the print server includes a job observation module for monitoring and gathering the status of the plurality of printers connected to the print server, and sends the gathered status to the plurality of computers; and
each of the computers includes a status monitor for displaying the status.
